

## Concrete Hoppers

Concrete Hopper - This particular attachment is a self-dumping hopper which automatically triggers to unload as bumper release contacts the side of a dumpster. When dumping is finished, the hopper goes back to an upright and locked position. This particular piece of equipment is also presented along with a cable which enables operation from the seat of the forklift to be able to have the choice of manually unloading the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This particular product is constructed with reliable and consistent robotic welds for maximum strength. The forklift dumping hopper also has a blue powder coat finish to maintain durability.
