

Meritor Parts

Meritor Parts - Meritor is a leading international dealer which is proudly founded on a 100 year tradition of service and quality. They specialize in various modules, integrated systems and parts to original equipment makers and the aftermarket for the industrial and transportation trades.

Meritor values the requirements of their customers to guarantee their success while priding itself in the company's unique energy and feels this output of energy to be their aggressive advantage in their worldwide operations. Meritor starts with a philosophy that values diversity of people and their broad thought processes. Operating in 19 nations and hiring over 11,200 individuals, Meritor encourages collaboration and innovation amongst a team of experienced professionals.

Meritor strongly believes in only employing future focused individuals. These top-caliber individuals can rapidly adapt to changing environments and freely exhibit the level of performance and commitment required so as to get results for the competitive market environment. The company empowers their teams to make sound business decisions to be able to enhance the overall success of the business. In return, Meritor provides all of their employees different chances for professional and personal growth.

Their Advanced Engineering team is at the forefront of components and system engineering which comprise drivelines, axles, braking and suspension systems meant for heavy duty and medium trucks, buses, military vehicles, trailers and off-highway vehicles. The Meritor Advanced Engineering team is growing. They launched a new technical center in Bangalore, India in September 2009 so as to lead their advanced product development initiatives which represent the whole Asia Pacific region. This team is also responsible for supporting the requirements of all their international engineering personnel.

Meritor's customer focused and dynamic Quality team is devoted to ensuring optimum processing at their aftermarket distribution facilities and production plants that are located around the world in 19 nations and in 5 different continents.

They have their supplier network that is specifically located to support the development of the business. Each regional team has globally supported quality systems, initiatives and centralized in Six Sigma and Materials Engineering. Meritor's growing Six Sigma program promotes a fact-based, data-driven approach to decision making in every aspect of the company. The DFSS or likewise referred to as Design for Six Sigma ensures product reliability in each and every region. The team is even included transactional Green Belts who apply Six Sigma tools to business techniques and implement lean methods.
