

Ingersoll Rand Forklift Part

Ingersoll Rand Forklift Parts - Ingersoll Rand provides solutions, services and products in order to increase the productivity and ensure efficiency in commercial, residential and industrial surroundings. They pride themselves in delivering products to enhance the health, safety, comfort and security of individuals around the world through their four global segments.

From their Climate Solutions division comes a product line of energy efficient HVACR solutions. The Thermo King is the leading transport temperature control, while Hussman makes food merchandising and refrigeration solutions. Trane is a trusted provider of energy efficient heating ventilation and air conditioning systems, contracting and building services, parts support and advanced controls used for both commercial buildings and residential homes.

Ingersoll Rand's Industrial Technologies division offers products and solutions which enhance their clients' energy efficiency, productivity and operations. The product series is diverse ranging from tools and pumps, material and fluid handling systems to complete compressed air systems. They have even developed Club Car, the international leader in golf and utility vehicles meant for businesses and people.

Brand names like for example Schlage and Trane deliver residential solutions that offer comfort, safety and efficiency to home owners across North America. Their innovative products comprise electronic and mechanical locks, indoor air quality solutions, air conditioning and heating systems, portable security systems, advanced controls and remote home management.

Ingersoll Rand' Security technologies offer products which ensure safe, productive and secure surroundings. This division's market leading products consist of floor and door closers, exit devices, portable security devices, biometric and electronic access control systems, cabinet hardware, steel locks, doors and frames, locksets and decorative hardware. Popular brand names like for instance Schlage likewise offer personal, time and attendance scheduling systems.
